## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: deny the same on the ground that there is no unappropriated water in the source applied for in this application.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed                      cubic feet per second.

Actual construction work shall begin on or before                     

Proof of commencement of work shall be filed before                     

Work must be prosecuted with reasonable diligence and be completed on or before                     

Application of water to beneficial use shall be made on or before                     

                     Proof of the application of water to beneficial use must be filed with State Engineer on or before                     

WITNESS MY HAND AND SEAL this 15th day  
of September, 1916.

W. M. Kearney

State Engineer.
